~~firedy~~ **fready** temper of the family. And fo in the proverbal ~~exprion: _An~~ **exprfion: An** ape is an ape, ~~drift~~ **drefs** him ~~ever_ _fo fine._~~ **ever fo fine.** When a word is repeated again with vehemence in the fane feen, it is called _epizensis_ This figure flews the carefulness of the freaker, and his great concern of mind about what he fears and therefore has a natural tendency to exercise the attention of the audience. It is ~~fuited~~ **suited** to ~~exprets~~ **express** anger, ~~furprizes, forrow,~~ **surprise, sorrow,** and ~~feveral~~ **several** other ~~affiliates.~~ **affections.** As when Cicero would ~~experts~~ **express** his indignation against Anthony for having been the chief instrument in bringing on the civil war, he ~~fays~~ **says** to him: _You, you, Authorism pulled Defer upon ~~the_~~ **the** court ~~issue.~~ **issue_.** It was that he tells Crafting in his first directive against ~~him :~~ **him:** _You lives; and live, not to lay ~~afide_, _but~~ **aside, but** to paying your racked ~~defying._~~ **defying_.** And when our Saviour would expect his great concern and former for the wandche of the Jews, he does it in this pathetic manner: _O Jernjalem, Jerjalem, who kilitl the ~~pro-_ _phs!_.~~ **pro-phs!_.**

ORATORY

O R A T O R Y. and your ancestors have undergone the greatest la-Blocution boats? Epifrephe, is contrary to the former, and makes the repetitions at the end of each member or feneen. As thus: _Ruse concord was left, friendship was ~~left,_ _fidelity~~ **left, fidelity** was left, liberty was left, all was left_. And Cicero, in the charge which she brings against Mark Authority before the feature, makes life of this figure, when he fays, " Do you lament the deltruth of three Roman amics" The author of this detective was Anthony. Do you bewah the loaf of most ~~emient~~ **eminent** citizens? They have been taken from you by Anthony. Is the authority of this order weakened? It is weekend by ~~Anthony." _Sympleces_~~ **Anthony." Sympleces** takes in both ~~thefele fat~~ **thefe late** figures. As in that of Cicero: " You would ~~patted~~ **pardon** and ~~assume~~ **acquit** him, whom the ~~female bath~~ **senate hath** condemned, whom the people of ~~Kome~~ **Rome** have condemned; whom all mankind have ~~condemend?"~~ **condemned."** Here the ~~feveral~~ **several** members both begin and end with the ~~famed.~~ **same word.** We have a beautiful ~~inBance~~ **instance** of **it** in St ~~Raul,~~ **Paul,** when he ~~fays:~~ **says:** " Are they Hebrews? ~~Io~~ **so** am I. Are they ~~fireliter? Io am L. Are they the feet of Abraham ? Io~~ **Israelites?** **so** am I. Are they the ~~best~~ **seed** of ~~Abraham ? Go~~ **Abraham?** **so** am ~~I.'~~ **I."** Where ~~fenestens~~ **fenestence** could wish the word with which it began, it is called _spanialphs_. As in that expreftion of Phants, « Virte comans all things, he wanna no good thing who like virtue." The figure is the fame, but the principle not fo honeln, in the advice which we find given by the-miler in Horos, when he fays, " Get money if you can, possibly, but however, get money." This figure adds a force to an expreftion, when the principal thing designed to be courvyeed is thus repeated, by being it fall upon the mind. And it begins the beauty of it, when the fenestone has an agreeable turn arising from two opposite parts. As in Cicero's commenting Cofar: " We have few your colony remained by the way, your own lived in the city we have not femen." Hermogenes calls this * circle, because the fenestence returna on the fame work, as that converted figure is formed by the orbicular motion of a line to the fame points. When the following fenestene begins with the fam word with which the former concluded, it is termed anadbigfix. As in the following influence: _Let us_ _think to price too good for truth y forth cannot be_ _bought too dies._ So in that suffage of St John: He come to his own, and his own received him not. This figure generally fits belt with grave and folemn difcounter. _Epandas_, is the freedom of a fenestor, or repeating in ~~backwares, fo~~ **backwards, so** that it is taken in the two half ~~fagerets~~ **sagers** for it both begins and ends with the ~~fame~~ **same** words, and the ~~fame~~ **same** word is likewise repeated in the middle. That term of preffin both beauty traits, and flews areesdirafs of thought. We have the following example of is la Minutus Feliss, where he is exopling the folly of the Egyptian ~~fapetdition.~~ **sapetdition.** " Ida ~~(fay~~ **(say** fys) with ~~Cymosphalus~~ **Cyphmosphalus** and her priefs, lemons, bemanns, and fcks her loft for, jer strenians beat their breatls, and insure the grief of the unhappy mother; in a little time the four is found, upon which they all ~~repieces.~~ **re-pieces.** War do they excel every year to lafe what they find, or to find what they lole. And is it not ~~ri-~~ **ri-gious.**
