I love Swiffly in his parents Sir William Temple, who left him a legacy in many, with the grocery of his manuscript; and, on his deathbed, obtained for him a proform for the long or for first petrol that should houses one can at Wittenurle or Overburnt. That this provides might not be forgotten, Swift dedicated to the king the author among people with which he we weretrafed, and for a while attended the court;) but found found his obligation hopefuls. He was then invited by the end of Berkeley to accompany him into friends, when after effective crew rapid fruppments, he obtained the brings of Laurens and Kathbeggin in the discredited March; i and Soon afterwards invited over the enthusiast Skullin a young woman of other sense of Johnson, whole life be controlled to emballers, and whole days, though he certainly loved her, we may confondently afirm that he forecred by the expense. But whether ~~Msfa Jahalon~~ **Miss Johnson** was the daughter of ~~Temple Awarded on~~ **Temple's Reward or of** the ~~finest~~ **friend** of ~~July Officers, in~~ **lady Gifford, it is** certain that Sir William left ~~to the 2000~~ **her L.1000;** and that, accompanied by Mrs Dingley, whose whole ~~forum announced~~ **fortune amounted** to an ~~amany~~ **annuity** of ~~L 27~~ **L.27** for ~~May, the~~ **life, she** went, in consequence of ~~Swifts invitation~~ **Swift's invitation,** to ~~Lancaster.~~ **Laracor.** With ~~hefe~~ **these** two ladies he ~~patfil~~ **passed** his hours of relaxation, and to them he opened ~~its bloody,~~ **his bosom;** but they ~~were refiled~~ **never resided** in the ~~fame~~ **same** house, ~~and~~ **nor** did he ~~for~~ **see** either without a witness. In 1701 Swift published ~~_A_~~ **A discourse** of the ~~temple~~ **conteft** and ~~difficultification about Glasses._~~ **difficulties in Athens and Rome.** It was ~~high left~~ **his first** work, and indeed the only which he ever ~~repeally~~ **expressly** acknowledged. According to his constant practice he had concealed his ~~name,~~ **name;** but after its ~~appearance is perhaps~~ **appearance, paying** a visit to some Irish bishop, ~~to~~ **he** was asked by him if he had read that pamphlet, and what its reputation was in London. Upon ~~the~~ **his** replying that ~~the beloved~~ **he believed** it was very well ~~like to~~ **liked in** London: "Very well liked!" ~~laid~~ **said** the ~~hilltop~~ **bishop** with ~~fame enotom: «Yes~~ **some emotion: "Yes,** Sir, it ~~and not the fourth ends that ever written, and bilhp Burret~~ is one of the ~~last winter~~ **fifth tracts that ever was written, and bishop Burnet is one of the best writers** in ~~this wild?»~~ **the world."** Swift, who always hated Burnet with ~~fomething~~ **something** more than political rancour, immediately ~~gathered~~ **questioned** his right ~~too~~ **to the** work, when he was told by the ~~following the~~ **bishop that he** was ~~my~~ **"a** young ~~man~~ **/ man,"** and still ~~fighting~~ **perilling** to doubt of the justice of Burnet's claim, on account of the ~~diffilarity~~ **dissimilarity** of the ~~flyyle~~ **style** of the ~~pamphlets~~ **pamphlet** from that of his other works, he was told that he was ~~as~~ **"a** very positive young man," as ~~an portion~~ **no person** in England but ~~biblop~~ **bishop** Burnet was capable of writing it. And thus was he forced in the ~~best~~ **heat** of argument to ~~know~~ **avow** what otherwise he would have ever ~~seen concerted.~~ **concealed.** Early in the refining firing king Kingdom died; and Swits, on his next wife in London found green American theme. It was generally thought upon this event, that the Tory party would have had the defendant ten, contrary to all aspectsion, the White had managed meters to fill as to our entirely into the given's confidence, and to have the whole administration of affairs in their hands. Switr's freedom now impover, and the White in general, knowhow to be the author of the Difficulto on the Contella, see, which was written in defence King

Willand has manifest against the violent prosecution of the heads of common considered themselves as much obliged to him, and looked upon him as full to their paper. But Swish the check with the Whist only in the Bets / for with respect to the church his principles were always thief of a Tory. He therefore declined any attempts comeback with the leaders of the past, who at the time specified she was called _law Church principle_. But what above all flocked him, layat the Shaboda, was that invisible Defts, Freethiker, whithfuls, Jews, and falskial in the of these parts under presence of modernism, and allowing a general liberty of confidence. As Switr wais in his heart a ran off our religion, he could not hear borne, even in his private characters, to have mixed with such a motely crew. But when we couldn't his presepide in his grandstand, or that hooked upon the church of England, as by her established, to be the main pillar of our newly créeried confirmation, he could not, conditions with the character of a poucian, join with their who considered it has an an ornament than a fupport to the efficacy and could therefore look on with compunction while the unauthorizing, one could even open the gate to a blind institution to try like Stumpton, their strength argent, it and condizt is outina front. With the same, neither his religious nor political principles would suffer him to join in with regard to the Talories, as in infant in the violence of fashion, they had run also opposite extremes, equally dangerous to the face. He was therefore during the coffee part of the queen's reign of no party, but employed himself in discharging the duties of his students, and in publishing, from here to tune that trada, he be thought might be useful. In the year 1704 he published the _Tale_ of _a Tab_, which conflicted merely as a work of genius as unpublished the greatest which he ever produced; but the living with which religion was thought to be there treated, relied up enemies to him among parties, and eventually predicted him from the police field the year 1705, he feems to have employed himself in history fluy, but the then go according to the public. _The Statement of Charles of England man, the include_ of altroby under the name of _Bickerlaff, the Argument against Abilifying Chilliyanity_, and the defense of the Sacramento Tof. Soon after began the Infy and important part of ~~Switr's~~ **Switr's** life. He was employed [1710] by the private of Ireland to foster the group that a reduction of the drift fruits and twentieth parsors to the Trifh cherry. This introduced him to the Hailey, afterwards and the Oxford, who through a Wing Pacific, was at the head of the Tory variability, and in great need of an auxiliary foable as swift, by whole pen he and the other miniters might be supported in amplikers.
