There are also ~~focéeste~~ **societies** among them for the improvement of the German language and the ~~fiecences.~~ **sciences.** The principal manufactures are fluff and toboyen, lines of several forks, here, threads, folk, and worried fleidings, neckoloths cotton fluffy, gloves, handkerchiefs, flisks of ~~feveralters,~~ **fever-alters,** cold and five brecords, a variety of woollen manufactures, lats, paper, leather of alflor, earthous wers, poredain, toys, watches, clocks, and other hardwares, &c. The trade of Switzerland is greatly promoted by many navigable lakes and rivers. In form of the above manufacture, and in dieels, butter, fleep, horfes, black cattle, hides, and flans, the experts are considerable and as the imports of the chiely granulated fish, with some Americans at Arielie goods, there is probably a large balance in their favour. In fome parts of Switzerland dests is obtained by fampiary law. The public revenues are in general very incredible, arising chiefly from the usual regular, appropriated every where to the foreignee, the domestic, and they gradually, voluntary contributions, the fate of falls, and a land tax; in the Protected cantons, from the church lands alto that were fored at the Reforation. Except in Zuricha, Bern, Bull, and Schaffaudines, where the people are more industrations, have a greater trade and are richer than in the others, shall use it was. The cantons never keep any binding croops, except for a few garrimsy but their militits is reckoned to be the belt regulations of any in Europe. Every male from 16 to 05 i enrolled, and about one third of them regimented. They mult all provide therefore with arms, clothing, and word traumatic, and appear on the dateted day for exercise, and the feronal cantons and dirithate mult he furished with a futitic ent train of artilities, and all its other implementos of war. The Switect of the fereral cantons are allowed to engage in the ferice of fuch foreign princes and flatters are in ~~aliance~~ **ali-ance** with their eastern or with whom they have made a ~~prevous~~ **pre-vious** agreement. Such latter, paying an annual fidelity to the reflective cantons, are allowed to make lexies. Every man enulis voluntarily, and for what number of years he pleties' as the expiration of which he is at liberty to return home. A great may thus always returning from foreign ferivs. Switzerland is never unproceeded with, able and see preferred effect and address. With and see reproduced effect and utilities in their character, they are a brave, loose, hoofst, hoofntable, hardy people; very true to their engagements, friendly and humane. In fany, there is not a people in Europe who want much che valdier is better. In their periods they are generally tall, roahik, and wellness is, but their complications are now of the belt, and clubs that live in the neighborhood of the mountains are fidjekt to wens. The women are fail to be generally headline and well-disped, reliable and modelly transk, city, and vascade the conversation. Few of the peelants are miribably poor; many of them are rich, ~~efpecically~~ **efpecially** in the Protifiant cantons, and that of Berne in ~~particular.~~ **partic-ular.**
