~~_Exgraving,~~ **Engraving,** the real ~~comidifier~~ **connoisseur** and of ~~pollicity.~~ **politeness.** Engraving in this country ~~fuuted~~ **sustained** a heavy ~~his win~~ **loss** when he died; and if the death of ~~to excelture~~ **so excellent** an ~~still~~ **artist** may be considered as a public ~~lolc, his~~ **loss, it is** certainly the ~~most delt reflect~~ **more felt with respect** to ~~Woolley~~ **Woollett,** who ~~deal~~ **died** while he was yet improving in that excellence (b). ~~Chartshin~~ **Chattefaine** has been termed a mannerit ~~to~~ **in** his ~~draw-ings,~~ **drawings,** but he ~~will~~ **must** certainly be allowed to be an excellent ~~one on~~ **one:** his ~~etching~~ **etchings** are ~~watery field. Peeling~~ **variety itself. Perhaps** in the department of ~~ecahman~~ **etching** no ~~arilt~~ **artist** has ~~for~~ **so** happily ~~rendered~~ **translated** the ~~picture~~ **pictures** of ~~Claude.~~ **Claude de** Lorraine as Francis ~~Vivares's than its~~ **Vivares; that is,** with ~~reflects~~ **respect** to ~~serial,~~ **aerial** perspective, the peculiar characteristic of Claude. But his merits are not confined to this ~~matter above,~~ **master alone;** for he followed ~~Raydulla, Bergheim Gaulannosph,~~ **Ruydaile, Bergheim, Gaintborough,** and ~~Guyya,~~ **Cuype,** with ~~green forests.~~ **great success.** He has ~~ficha~~ **such** a ~~few~~ **free** delivery of ~~they,~~ **style,** that almost every one who examines his works is ~~irrepments~~ **irretrievably impressed** with ~~us~~ **an** idea of performing the very ~~time. Two artily,~~ **fame. Few artists,** it is then mentioned, have excelled in the etching department. We cannot, however, ~~until~~ **omit** the name of ~~Parnentes ywho,~~ **Peranezzi; who,** to originality of style, which is apparently ~~fontuences, joints or~~ **fontaneous, joins a** certain ~~granden~~ **grandeur** which ~~between being stipulated.~~ **had never been furpafied.** He has ~~remained~~ **trimmed** to ~~perfectly in figured~~ **poverty to furnish** a representation of the Greek and Roman ~~colonies~~ **edifices** and ruins, that travellers ~~were~~ **have** often ~~embedded~~ **confided** that they have ~~ruled~~ **raised** their ideas beyond the magnitude of the ~~superfluitudes~~ **superfluities** themselves. It is ~~utterly~~ **certain** that ~~to work~~ **in works** of this ~~insufenduous~~ **fupendous** nature, a degree of ~~regarded~~ **ruggedness** in the execution ~~cererotions and~~ **corresponds with** the ~~fullizory~~ **fulminity** of the ~~folghe's~~ **subjects;** and ~~that probation~~ **this produces** a ~~fili~~ **full** greater power over the ~~mining,~~ **mind,** than if they had been more polished. Some have ~~suffered~~ **censured** his ~~fingers~~ **figures,** and ~~was inclined could. "I find each best seen in geniously painted~~ **not without cause. Doublets the vast piles** of ~~produit greatness,~~ **penning grandeur,** were never more ~~particularly beneficial~~ **judiciously prefented** to the ~~eyes, thus~~ **eye, than** by this ~~allowthring artily,~~ **aflonishing artif,** or better calculated to affect the ~~making~~ **mind** by calling forth ~~in the mail definition.~~ **its most fulsome ideas.** We have another striking influence of limited etching in a different portrait of the art, in the works of Kildinger, a name which brings along with it all the Savage feerery ~~or~~ **of** nature. * Afterthing walves in raging troops defend. They ~~fallen~~ **falten** on the ~~feed~~ **fleed** and pierce his mighty ~~hearty~~ **heart.** THOSON'S Winter. For we shall ever ~~end home~~ **find fome** peculiar beauty to ~~ad-mirts,~~ **admire,** even in the ~~flightsed~~ **lightest** productions of ~~poems,~~ **genius,** as well as in the ~~mund perled~~ **most perfect** productions of the ~~burma.~~ **burin.** There are ~~fine artily~~ **few artists** who do not ~~express,~~ **regret,** that ~~exciting~~ **etching** was unknown to ~~Bolsters,~~ **Bolswerf,** who has done ~~in~~ **so** much ~~walk out~~ **without** its ~~andis~~ **aid;** from which we may ~~really flipped~~ **easily fupfose** how much more ~~hours would~~ **he could** have ~~affected~~ **effected** with this charming acquisition. For the truth of this ~~reminds~~ **remark** we may ~~upped~~ **appeal** to his landscapes from Rubens, his animated ~~por-trats~~ **portraits** from ~~Vanleyke,~~ **Vandyke,** and his productions from the ~~Plee EN~~ **FleEN** G E 141 T E N G mith school of library, particularly last large print of the ~~_Engraving_~~ **Engraving** taking down from the street from Ruben. There is a fine influence of linear effect in a print of ~~eFrench convenient~~ **a Flemish conversation** piece by Wille. One of the figures is ~~thinking~~ **drinking** out of a ~~glide,~~ **glass,** and the artist has ~~small~~ **most** deceptively described the texture of the drinker's face through the ~~gids.~~ **glass.** In the ~~tune~~ **same** print, a female figure ~~these~~ **shows** great ~~little~~ **skill** in this way, ~~given~~ **even** the floor is ~~characterterized~~ **characterized** by lines: and the whole ~~filmy~~ **strongly** marks the ~~molt~~ **most** proper mode of treating ~~falsely due~~ **fubjects** of ~~where~~ **a mere** local nature. The beautiful print of the ~~Petrì Phalecies,~~ **Petit Philipecien,** is also ~~as al-mobula stimulation,~~ **an admirable imitation,** particularly the little ~~polluted globals~~ **pellucid globule** which has just mounted from the hall. When ~~there~~ **lines** are engraved in a ~~figure some~~ **square acute** method of ~~crafting,~~ **crolling,** they ~~go exactly every day late after she refused~~ **generally convey the idea of hardnefs** to the ~~fluight reprefeuted.~~ **fubject represented.** The scientific Picart ~~forms~~ **seems** to have been ~~in~~ much aware of this, that ~~is~~ **in** a print of his ~~organizing~~ **engraving** of a large ~~sample group~~ **marble groupe** of ~~beliefs, upon~~ **horfes, from** the ~~estimated child~~ **animated chifle** of Perriere, he adopted this ~~flyle~~ **ftyle** in order to ~~highlight~~ **heighten** the ~~imbalance.~~ **imitation.** MalG's print of Marshall Harcourt, is one of the many fine effects of permits engoringly, and although it was received at an near period of the art, in abounds with no final degree of taille. The celebrated print called the table-body from Titlin, of the Earl Dupper, allo contains a considerable degree of distinct differentiation, though is founded carries it to affetation. He is rather linguistically like male and engragable hair. Yet the portraits of MarthaHarcourt and Boldonne the ferocay may be deemed acceptable.

Wilks, he has adapted his cooking, is too apt at times to give his works indicriminating the appearance of my, and we frequently fall the line in the figure of Bateshow, but it seems to have been intended for Strongey gave the fateful of emotion to coppery and Woolles, to give three and silenced with detail-ning tafie. Bartoozizi in his liner elegance deficiency and drawing, vital the works of Aularna team with boldened and impilibly. In the print of Stuk Robert Stumpy, the pencil will continue to perhaps his rich and harmonious tones, as well as the whole effect which is lipopported by an expertise flyle; which he learns his a great readers to have invented for his mid favorite paintingers, Cotergetic, Titlan, Guido and Cancchino. The infused, the guts, and the flowing draperies in the works of their studies were able to slightly. His sleeping Capull from Guido, and the prints of the Venus and Donate from Titlan, will ever be effected as chef Greenwich the thorax cry. Having thus attempted to fulfill our original intention of discriminating the small expeditive information of lines, and of analyzing and illustrating their various power and effects in originating, we shall now conclude that deleteriousness and if, from the nature of the fish-jeri, and from the limits of the Becky, we have failed in marking any bullish that in the galaxy of the art; and it as fault the schonboarded, that we have not omittedome of thief of the first magnitude. _Ewaxrina upon Glifo._ See GLarst, Engraving on. _EsxKriina_ (c) Although we are now contemplating linear engraving, it is but proper here to ~~offerye,~~ **offer,** that chalk, engraving, ~~nezazistinc,~~ **mezzotinto,** and ~~aquatitta,~~ **aquatinta,** have ~~allo~~ **also** made ample improvements in this country, in their various ~~flyles~~ **styles** of excellence.
